

Large Congregation Hears London Man Tell Of Brotherhood

First Methodist church was filled to capacity Monday night to hear William Ward, of London, England, who delivered the first public lecture in connection with the Standard Training School for Sunday School workers. Mr. Ward held close attention for almost an hour as he told in his fascinating manner of the origin, growth and development of the World Brotherhood movement, which now embraces the entire Christian world. Mr. Ward also paid a high tribute to John R. Pepper, of Memphis; Dr. W. B. Beauchamp, of Nashville; and Bishop James Atkins, who composed the centenary commission which visited Europe last summer, and told of the good work they did there as representatives of the church. Bishop Atkins will speak Tuesday afternoon at 5 o'clock. This will be the second lecture of the series. Bishop Atkins is well known in Memphis, having presided over the last session of the Memphis conference, which met at St. John's Methodist church in November. He has always taken a deep interest in the Sunday school work of the church, and his address is sure to prove an inspiration to students of the training school and all who hear him. The public is invited and another large audience is anticipated.

Auto Thieves Pull New Trick; Steal License Number

Here's a new wrinkle the auto gang, sure on the police Monday night. Instead of taking the auto they unscrewed the number plate on a Ford sedan, standing in front of Wilson's garage, Madison and Wellington, and made away with the number. Police were asked by C. S. Wilson, garage owner, to watch out for plate No. 71634, Tenn.

In actual thefts of cars the officers had the edge on the thieves Monday. Two of three machines reported stolen were recovered. Brooks O'Neil, Collierville, found some comfort in the fact that Tuesday was a cool day. He was walking after thieves took his Ford from his residence Monday night.

QUALITY FIRST

Every one should eat fruit of some kind; and most people prefer it for breakfast. However, some cannot eat raw fruit because of the acids and uncooked fiber. At CHILDS all may suit their individual requirements and find equal pleasure in doing so. Grape fruit and oranges for some; baked apples and stewed prunes for others.

"Quality first" is the CHILDS policy—hence the ambrosial flavor of the fruit.

HANAN COULD MAKE SHOES TO SELL AT \$16, \$17 OR EVEN \$10

BUT THEY WON'T

WHY?

BECAUSE

Shoes of the character the public has learned to expect of Hanan cannot be made to sell at these prices.

BECAUSE

Hanan will not allow their name to go on any shoe that is not the best that can be made.

BECAUSE

Hanan will not take advantage of the confidence of the public in their name by putting out an inferior shoe bearing their trade-mark.

BECAUSE

Hanan patrons want the best and are willing to pay a reasonable price to get what they want.

Hanan could make shoes to sell at \$16.00, \$17.00 or even \$15.00, and make a greater profit than is being made on their present line. But to do this would be to take advantage of a confidence, betray a public trust and reap the pent-up vengeance of a deceived and defrauded clientele when conditions return to normal.

REMEMBER THIS:

Hanan Shoes are the finest on earth, always have been and always will be. Hanan patrons demand it. Hanan makers will give it.

We Sell Good Shoes at \$11.00—Better Shoes Up to \$15.00—But If You Want the Best They Will Cost You \$22.10.
